With the boom in the all round infrastructure development and Industrial growth, there is a very great demand for skilled workmen. At the same time, quality manpower with adequate skill and practical exposure is not fully available. In order to bridge this gap FACT Ltd, the largest Central Public Sector Organisation in Kerala announces its venture into the area of Skill Development and employment promotion.

The following skill development, job oriented courses with a lot of emphasis on quality training and practical exposure to real life situations are being offered to the public at large.

- (i) Certificate course in Heavy Equipment Operation (HEO).
- (ii) Certificate course in Instrumentation Maintenance (IMC).

The tentative dates of commencement of Heavy Equipment Operation and Instrumentation Maintenance course are 02/01/2012 and 04/01/2012 respectively.

### 1. 3 month Certificate course in Heavy Equipment Operation.

Training will be given on heavy duty (i) Excavator, (ii) Front-end loader, (iii) Crane and (iv) Fork-lift. Training will involve theory and practical. Candidates with SSLC and possessing Light, Medium or Heavy vehicle driving licence can apply. Age limit is 35 years. Interested candidates may contact Manager (Training), FACT Training Centre, Udyogamandal-683 501, with two passport size photographs & copies of SSLC certificate for age proof and copy of driving licence **on or before 20/12/2011**. The admission will be on first come first served basis. Fees applicable is as below:

Description of equipment	Basic fees for one Equipment	Fees including service tax @ 10.3%
Crane	Rs.15,000/-	Rs.16545/-
